## SUMMARY

I'm a dedicated learner, passionate about acquiring new skills and exploring modern technologies. I recently started my journey into front-end development and am eager to create user-friendly websites. My goal is to become a Full Stack Developer, and I'm currently seeking opportunities to grow and improve my front-end development skills.

---

## EDUCATION

**Bachelor of Science in Computer Science**

**FEB 2022- Present**

Federal Urdu University Of Science And Technology, Karachi.

---

## SKILLS AND TECHNOLOGIES

- **Web Technologies:** HTML, CSS.
  - **Frameworks/Libraries:** Reactjs , Nextjs.
  - **Programming Languages:** JavaScript, TypeScript, Python, C
  - **Version Control:** Github.
  - **Tools:** Vscode, google colab.
- 

## PROJECTS

- **Personal Portfolio:** Built Personal portfolio using Nextjs showcasing professional projects and skills with a clean, modern design.
  - **Link:** Portfolio
  - **Resume Generator:** Developed a dynamic resume generator as part of a hackathon using HTML, CSS, and TypeScript. The tool enables users to input personal details, manage sections, and generate a PDF. Demonstrated skills in form handling, dynamic content management, and PDF generation.
  - **Link:** Resume generator
  - **Comforty Website:** Developed a Next.js and Sanity.io-powered eCommerce platform to simplify furniture shopping. Built a seamless user experience with a modern UI and smooth checkout process. Created as part of a 7-day GIAIC hackathon, focusing on API integration, performance optimization, and deployment.
  - **Link:** Comforty
  - **E-Commerce Website:** Developed a modern e-commerce website using Nextjs and Tailwind CSS. The website features a sleek, contemporary design and includes essential pages like the homepage, Cart, providing a seamless user experience.
  - **Link:** Exclusive Shop
  - **Fashion Shop:** A sleek, responsive fashion app landing page built with Next.js and Tailwind, showcasing a modern design and engaging user interface.
